

Operating and Installation Instructions

Universal Frame SR-1460/R

DESCRIPTION

The SR-1460/R is a four (4) slot wall/desk mountable chassis with four (4) "edge card" connectors that accepts all Meridian Technologies' card units.

This chassis will accommodate 4 single slot or 2 double slot Meridian cards.

POWER SUPPLY

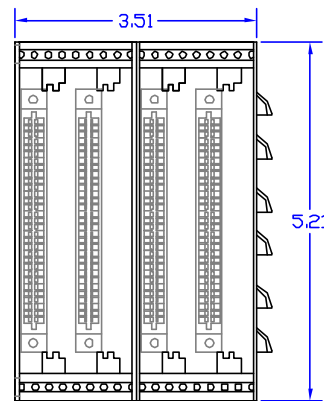

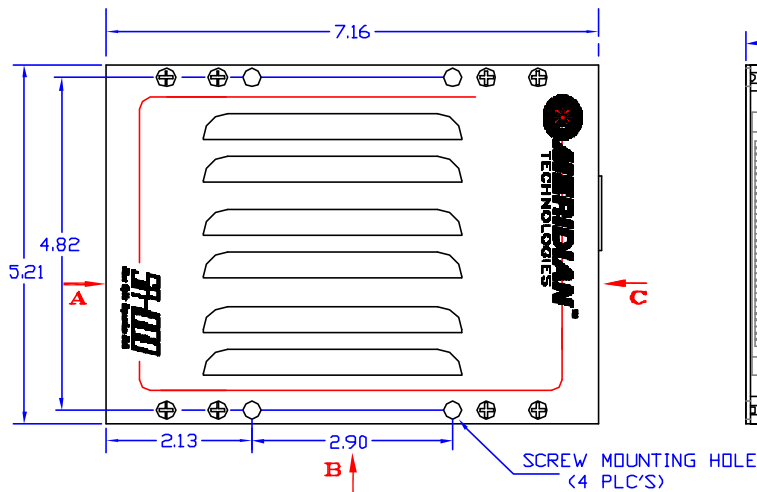

The SR-1460/R is powered by two external switching redundant power supplies PS-60 (included).

The unit accepts: 9VDC

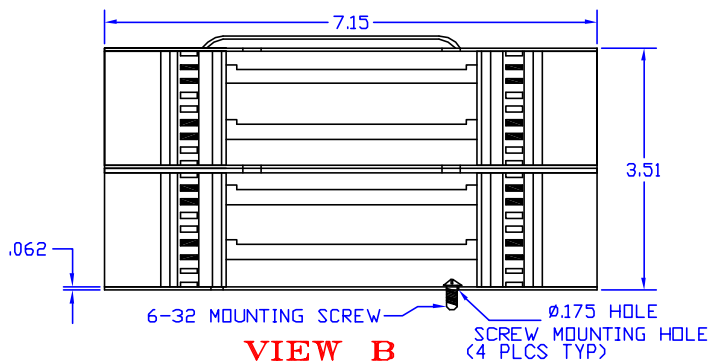

INSTALLATION

The unit must be installed on a vertical plane with louver opening down (View C) or horizontal with louver facing up (View B) to allow maximum ventilation of the card units.

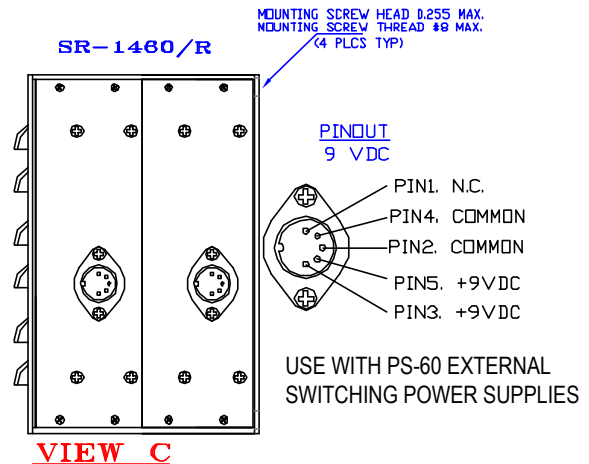

There are four mounting holes for hardware # 8 (maximum). Two knurled captive screws mount the card in each slot. Power is distributed by a mother PCB in the rear of unit.
